Good for Schools

America Won't

Forget Korea

The majority in the Hope school district election Tuesday voted overwhelmingly in favor of increasing school tax millage from 18 to 25.

Totals in the election seem microscopic — 252 in favor, 21 opposed — but in tax elections you measure the weight of the victory by the smallness of the figures. Since everyone was in favor few went to vote.

Because of this 7-mill increase in the tax the schools will be able to borrow an additional \$300,000 and build two new grade structures for negroes and a junior high school for whites. It is a timely expansion of the local school plant. Population is easing off in the rural districts, concentrating in cities and towns, all over Arkansas and the nation. Taking care of the increased load on the public schools is a town's first obligation — and Hope has stepped out and met it promptly.

Headlines tell us our leaders are worrying about the possibility that now with victory at hand in South Korea the American people will demand an easing-off in national defense measures.

That's selling the people pretty short. All of us know that victory in South Korea isn't complete without definite U. S. or U. N. control of North Korea, too. Russia can threaten us again, either on the question of our crossing the 38th parallel into North Korea, or by starting another border war in the Balkans — or possibly even in Berlin.

Should we let our guard down for an instant Russia might be expected to risk a pass at World War III. That's the true measure of the crisis.

But the American people know this. They made a ghastly mistake by disarming after World War I; and while armament was cut down at the end of World War II we still kept both arms and determination tight — as evidenced by the nation's solid rise to meet the emergency when the North Koreans poured southward.

We let Russia go right on talking, while we shot down the invaders. That is language the Kremlin understands — and no other language is going to keep the peace and lift off our neck the iron collar of fear.

## Russia Poses Threat Says McClellan

Little Rock, Sept. 28 — (UP) — Russia poses both a threat and a puzzle to the free world, Sen. John L. McClellan of Arkansas said here today.

At his office here, where he will remain until congress reconvenes, McClellan said that Russia "has given the world no proof of her assertion that she seeks peace."

"Russia has closed the line of demarcation between the east and the west," McClellan declared. "She is now where she may extend the iron curtain and by that process may reach out and take over more of the weaker and defenseless nations. She can then make the final effort for world domination. Whether she will do so. No one knows."

The senator refused to comment on a recent speech by Arkansas Gov. Sid McMath in which McMath assailed advocates of a preventive war.

"I have not used the term preventive war," McClellan said. "I did say, however, that under some circumstances I might favor an all-out attack on Russia. Of course the governor of Arkansas can say what he likes — that is part of freedom of speech."

In some quarters McMath's statement, made in a speech at Ashville, N. C., and repeated at a meeting of Arkansas Young Democratic clubs in Little Rock, was interpreted as a reference to a recent speech by McClellan in which the senator was quoted as advocating an attack on Russia.

McClellan described the recently enacted "omnibus" tax measure passed by congress as a "stopgap" and said that tax revision will be one of the problems facing the national legislature when they reconvene. He said that the outbreak of the war in Korea necessitated quick action on tax matters to provide money for military expenditures.

Because of the need for haste, McClellan said, it was impossible to write a comprehensive tax measure on the floor of the house of senate, and the omnibus measure was passed to take care of the situation.

## Coast Guard Extends Enlistments

Washington, Sept. 28 — (AP) — Coast guard enlistments due to expire before next July 9 have been extended for 12 months.

President Truman took the action yesterday shortly after signing a bill giving him authority to do so. The new law also places the coast guard within the selective service system — that is, it permits the coast guard to call for men in the draft if it does not get enough volunteers.

## Contestants for Queen Compete Tonight

The rain held off last night and a capacity crowd poured in at the District Livestock Show which will close here Saturday night.

Tomorrow has been designated public officials day and will feature an address by Arkansas governor Sid McMath, Congressman Oren Harris will be on hand as well as public dignitaries from all over this section.

It was also announced that local stores will close from 10 a. m. until 2 p. m. Friday to hear the governor's talk which is scheduled for 11 a. m. in the livestock arena.

Tonight in the arena four out-of-town girls will compete for Livestock Show Queen and the winner will represent the district at the state meet next week. Contestants are Juandell Potts of Texarkana, Gene McJunkins of Saratoga, Allison Keith of Stamps and Margaret Scott of Prescott.

Yesterday Joe Wren of Prescott was awarded the Kroger Grocery Co. Trophy for exhibiting their champion fat calf in the junior division at the stock show. Young Wren, whose instructor is Sid Purdie of Nevada County, won the affair two years ago and took his calf to Little Rock and captured the state title.

Saturday night four local girls will compete for the title of Miss Hope and the winner will represent this city at Little Rock.

They are: Bonnie Marie Shirley, Patsy Roberts, Betty Lou Roberts and Ann Barr.

## Lovett Picked as Undersecretary of Defense

Washington, Sept. 28 — (AP) — Former Undersecretary of State Robert A. Lovett was picked by President Truman today to be deputy secretary of defense.

He succeeds Stephen T. Early, who is leaving the defense post Saturday to return to private business.

Lovett is a close friend of Secretary of Defense Marshall, under whom he served as undersecretary of state. He is now in the investment banking business in New York with Brown Brothers, Harriman and Co.

Mr. Truman telephoned Lovett at his home at Lucust Valley, N. Y., at 7:30 a. m. offered him the appointment and got a prompt acceptance.

Since congress is not in session, Lovett will be given a recess appointment. The appointment later will be subject to senate confirmation.

Senate approval is expected. Lovett, a 55 year old native of Huntsville, Tex., served as special assistant to the secretary of war in 1940 and 1941. He later became assistant secretary of war for air, a post he held until December, 1945.

Pictured above is the Magnolia A. & M. College band, one of six, featured in the huge parade Monday which opened the Third District Livestock Show. The advanced majorette on the right is Elsie Elder, a Hope girl, who shares chores in leading the band. The bottom scene is the High School Seniors' float that won the trophy in its division.

## British Rush Korean Peace Program

New York, Sept. 28 — (AP) — British delegates rushed work today on a four-point plan for post-war Korea which they hoped to present to the United Nations general assembly tomorrow.

They are holding almost continuous conferences with other delegations to work out details and especially with Asian countries. The Asian would be called on, under the British proposal, to make up the greater part of a U. N. commission to supervise postwar Korea.

A source close to the Indian delegation said his country viewed the plan sympathetically and might even become a co-sponsor.

The plan, which still is subject to modification, envisages an independent United Korea with a Democratic government elected under U. N. supervision. The U. N. would continue to furnish assistance to prevent an armed attack and would set up the supervising commission.

American officials, reportedly in favor of the British recommendations, are expected to make positive contributions to the plan during talks today.

Another hot Asian problem comes up in the security council this afternoon when that body is expected to reach a vote on inviting Communist China to present in person her charges of American aggression on Formosa.

The council has two resolutions to this effect as the first order of business. They are a Soviet proposition for an immediate invitation and one from Ecuador which would invite Red China provided debate on the Formosa question is put off until Dec. 1.

Ecuador's plea for delay is based on presence of the Formosa problem on the general assembly agenda. Ecuador feels the council might benefit from the assembly's investigations.

Milk Increase Postponed

Little Rock, Sept. 28 — (AP) — Ben Clift, assistant manager, says the Central Arkansas Milk producers association has postponed a scheduled Oct. 1 increase in the price paid farmers for milk.

The price was to have been increased from \$5 to \$5.40 a hundred pounds, or about one cent a quart. No new date was announced.

## Conductor on Moving Train Hit by Bullet

Malvern, Sept. 28 — (AP) — A small caliber bullet fired toward a moving freight train wounded a Missouri Pacific conductor yesterday.

W. W. Seahorn, North Little Rock, was hit in the right shoulder as his train passed through the Saline county community of Traskwood, about 18 miles east of here.

He was brought to Hot Spring county hospital here for treatment and transferred to Missouri Pacific hospital in Little Rock.

Seahorn said he was standing in the caboose of the train, which was running about 50 miles an hour, when the bullet hit him in the right shoulder.

## Mrs. Thompson Succumbs at Age of 82

C., Mrs. Amos Bear of Camden; five sons, George of Okay, John and Luke Thompson of Springdale, Earl of Washington, Ark., Howard of U. S. Army and a brother, E. M. Delaney of Columbia.

Funeral services are incomplete.

## Police Shooting at Soldier Wounds Girl

Tacoma, Wash., Sept. 28 — (AP) — Police, shooting at a fleeing soldier, fatally wounded an 18-year-old girl on a downtown street last night.

Police said Margot Granell of Los Angeles was accidentally shot when a soldier wanted on a forged check charge, tried to get away from two officers. They fired at him when he leaped into an auto mobile in which Miss Granell and her sister were riding. One of the bullets pierced the girl's neck.

Officers said they do not believe there was any connection between the women in the car and the man. The fleeing soldier was caught. Police held him in custody and declined to give out his name.

## Signs Point to Lower Meat Prices

Washington, Sept. 28 — (AP) — Government promises of larger supplies and lower prices of meat today showed signs of fulfillment.

As the agriculture department predicted several weeks ago, the movement of cattle and hogs from farms to slaughter market is beginning to increase. Likewise slaughterers are beginning to cut their buying prices. These price cuts should soon be reflected in retail price levels.

It is normal for meat supplies to be lowest and prices highest in the late summer. That is the season of smallest marketings of meat, animals. Farmers are busy then with crop cultivating and harvesting operations and with fattening of meat animals.

Normally, farm sales begin to expand in late September. They usually reach the year's highest level in December and January.

As evidence of increasing meat supplies, the agriculture department reported that meat production last week totaled 328,000 pounds. This was an increase of 6 per cent over the previous week and 11 per cent above production in the correspondent week last year.

The bulk of this increase was pork. Hog slaughter was 9 per cent greater than in the previous week. Market receipts of hogs last week were said to have been the largest for the season to date and of record proportions for this time of year.

Supplies of beef cattle at major markets also were the largest of the season. Receipts showed an increase over the previous week, but unlike hogs were considerably smaller than a year ago.

Corn crop developments during the next 10 days may greatly influence slaughter supplies of beef cattle. Early killing fronts would catch much corn before it has fully matured.

## New Manager

Little Rock, Sept. 28 — (AP) — The Little Rock regional veterans administration office soon will have its first new manager in 25 years.

James A. Winn is being retired in 10 days from his post as World War I veteran, joined VA in 1921 and has been manager of the local office since 1925. His successor has not been named.

## Atkins, McRae Allison Named to Committee

Little Rock, Sept. 28 — (AP) — Governor McMath "didn't lose a county" as his choices for members at large on county election boards were selected by the state board of election commissioners yesterday.

It was reported following the board's executive session that Willis Smith, Texarkana, chairman of the Democratic state committee, and Osro Cobb, Little Rock, chairman of the Republican state committee, both voted with McMath on all counties.

In some cases, it was reported, the governor's choice differed from that of Democratic nominees in the county in such cases the other two members, Attorney General Ike Murry and Secretary of State C. G. Hall, voted for recommendations of county nominees.

McMath, only board member to comment for publication, said "it was a harmonious session." He said that in some cases the county nominees were divided and that two of his selections were unopposed, said he "didn't lose a county."

Under initiated Act No. 3 of 1943, county election boards, which name officials for the general election, are composed of county chairmen of the Democratic and Republican parties and a third member selected by the state board.

The act also gives membership on the state board to the governor, attorney general, secretary of state chairmen of the two parties.

## No Confirmation of Peace Feel by Red Koreans

Top diplomats in the and in several capitals limited today to deny any edge of rumored peace by the North Koreans.

The report circulating in New York yesterday that the Communists had accepted a U. N. settlement, discounted by official sources.

High foreign officials in New Delhi said "no such proposal" had reached us "and no information to support the report."

A British foreign official in London said "no such proposal" had reached us "and no information to support the report."

It was three months to the day that the North Korean army, which had raised the wrath of the non-Communist world and now, are falling heavy consequences of stark defeat.

Thursday — since the task of North Korean columns rumbled into Seoul, after plunging across the 38th parallel in 11 places June 25.

General Walker cautioned that hard fighting against scattered Red pockets may continue. But he said United Nations forces are wiping out many Communists before they can scamper over mountain trails to the 38th — which divides Russian-sponsored north and the U. N.-sponsored republic in the south.

The Reds were accused of a "counter-offensive" strategy. It began unfolding Sept. 15 with the Inchon landings on the west coast and the coordinated drives from the old Pusan perimeter in the middle and crush them.

To chase those who escape the giant trap, MacArthur is reported to have authority to send troops across parallel 38. Walker commented that he expected to get his instructions soon on this point.

In New York, the United Nations general assembly is to consider a British plan for the political future of Korea tomorrow. Unity of the old Soviet-dominated Red north with the republic is the keynote.

In Moscow, the Literary Gazette said deadpan that the Korean Reds are holding "every foot of land" in Seoul. But a Red radio broadcast said they were "not" in Seoul.

## Balanced Farm Contest Is Developing

Plans and programs for the annual Arkansas Balanced Farming Plan to Prosper Contest are well underway for Hempstead County, W. M. Sparks, local Farmers Home Demonstration Supervisor and chairman for the county contest announced today.

All farm families participating in the contest are urged to turn their record books into the Farmers Home Administration office in the court house by October 1, 1950. A carefully selected committee of agriculture leaders from the local agriculture department offices will check each record carefully, according to the rules and regulations of the contest. This committee will serve as a screening committee only.

Another committee composed of business men and women will visit the farms of 15 contestants to make final determination of the winner. This committee consists of Ed Thrash, Frank Walters and Mrs. Laura Hodnett. They will visit the homes and farms of the families and their farming practices.

On November 9, 1950, the winners in the tenant and the home ownership divisions will be guests of the First National and Citizens National Bank, Hope, Arkansas, at a banquet held at the Barlow Hotel.

Local business firms and individuals contribute immensely to the success of the contest by presenting a number of valuable gifts to the winners each year.

Winners of the county contest will go to Little Rock sometime in December to enter in the State Division. State winners will go to Memphis for the final judging.

All contestants turn your books in to the Farmers Home Administration office on the 1st floor of the court house by October 1, 1950.

## Truman Picked Some Minor Appointments

Washington, Sept. 28 — (AP) — President Truman was expected to give temporary appointments to some minor officials today.

When congress reconvenes, an even 100 nominations of temporary appointments will be submitted to the senate for confirmation.

Under senate rules, all nominations not acted upon by lawmakers adjourn more than 30 days are to be reconsidered, then resubmitted.

Mr. Truman can, and will, fill some of the vacancies by recess appointments. They will be good only until the new congress convenes. They cannot carry over into the next session.

In the meantime, the senate may consider some of the nominations when it returns on Nov. 7.

During the recess, the senate will consider 600 nominations submitted by Truman and rejected by the house. This doesn't tell the whole story, however, because many of the nominations were rejected by the house on procedural grounds.

The four turned down by the senate — all in one group — were Martinson of Virginia, a member of the federal trade commission, and Carroll O. Butler, a member of the federal judges for the district of Iowa.

All ran into trouble with their home state senators. Senator Butler (D) ran into trouble with the opposition of the opposition party.

## New Control Protects the Government

By JAMES MARLOW

Washington, Sept. 28 — (AP) — Although it may take several years for some parts of the new anti-Communist law to work, the government still has protection against Communists.

For example, one part of the new law makes it a crime for a Communist or member of a Communist front (even though the lat-

est was an innocent dupe) to hold a government job. But even though the law went into effect Saturday, Sept. 23, it isn't a crime for either of them to hold a government job now.

And it may be three or four years before it would be a crime? Why? Because there may be a long court fight and, until the question is finally settled, it won't be a crime.

In the meantime the government has its own program for keeping them out of government jobs: The loyalty program.

Under that program, it is not a crime for a Communist or Communist front to hold a government job. But the purpose of it is to root out Communists or sympathizers in the government and fire them.

And a number of them have been ousted. But, since it is still not yet a crime for a Communist to work in the government, none of these fired has been jailed.

Then there's the problem of keeping Communists out of defense plants. The new law says it's a crime for a Communist to work in a defense plant.

Still, that's not a crime now and won't be, perhaps for several years, until this whole question has been settled in court.

Nevertheless, the government, through the FBI, can check on people working in any plant doing important work for the government. And this has been done.

The new law says, further, whenever the secretary of defense wants to, he can post a notice that a Communist must stay out of such and such a plant, under penalty of going to jail.

This too, won't go into effect until the whole point has been settled in court.

But, the law says, when the secretary posts such a notice, he must make the fact public. There's been

some concern, expressed by the President, that this would tip off Communists on secret plants.

But — even if the law were in effect now on that point, the secretary wouldn't have to post such a notice if he didn't want to. He could still rely on the FBI and military intelligence to try to keep

Communists out. Still, this part of the law would help the government in this way:

For example, say the government wanted to keep Communists out of jobs on the railroads, which haul stuff for the government. There's nothing secret about railroad work but, in time of emer-

road could do a lot of damage and it's questionable whether the FBI has been able to check on every railroad worker.

Home, public building, mosques and even tombs were decorated with clay tiles in 13th century Persia.

## ABSOLUTE PROOF HADACOL HELPS FOLKS SUFFERING STOMACH DISTURBANCES

when due to lack of Vitamins B1, B2, Iron  
and Niacin in the system!

Mrs. John W. Geary, attractive and charming woman of 840 Ursuline St., New Orleans, Louisiana: "I'd been sick quite some time and the doctors told me it was a nervous stomach. I couldn't eat regularly and lots of times I was unable to hold the food on my stomach. Then I heard about HADACOL. After the first few bottles I could tell a definite improvement. Now my stomach doesn't trouble me at all. I eat anything I want, and my nerves are fine." (Give HADACOL a chance to help you.)

Mrs. Hilton Shuff, a loving mother of Rt. 1, Box 42, Ville Platte, Louisiana: "My son Mark Wendell has been sick for some time. A lot of the time he couldn't hold anything on his stomach. He was very weak and pale. Then I started giving him HADACOL, and he improved in just a short time. He's gained weight and has more energy than a dozen wild Indians." (HADACOL is great for puny, nervous kiddies with easily upset stomachs due to lack of important Vitamins B1, B2, Iron and Niacin.)

Mrs. Alma Kincaid, 2125 E. Adelaide, St. Louis, Missouri: "I've been taking HADACOL for over a year. Before taking it I had stomach distress for some time. Nothing seemed to help me. Then I took my husband's advice and took HADACOL. A good friend of his told him of the wonderful results he had from HADACOL. Now that I'm taking HADACOL, I eat anything. I recommend HADACOL to all my friends." (A big improvement is often noticed within a few days.)

### WHY CONTINUE TO DOUBT

There are just a few of thousands upon thousands of letters that constantly pour in telling of the wonderful results the great new HADACOL is giving. It's only a very foolish person who would continue to "doubt" HADACOL's effectiveness, and continue to suffer in view of such overwhelming evidence.

Relieves the Cause of Stomach Distress  
Due to Such Deficiencies

So if you are suffering from stomach disturbance (gas pains, indigestion, heartburn, if the food you eat disagrees with you because your system is lacking Vitamins B1, B2, Iron and Niacin—don't delay—start taking HADACOL today. HADACOL is not

a quick-acting antacid which gives symptomatic relief—instead, HADACOL actually relieves the REAL CAUSE of such stomach misery due to such deficiencies. And continued use helps prevent such painful distress from coming back.

Hundreds of Doctors Recommend It

Hundreds upon hundreds of doctor recommend HADACOL. It not only supplies weak, deficient systems with extra quantities of important Vitamins B1, B2, Iron and Niacin but also beneficial amounts of precious Calcium, Phosphorus and Manganese—elements so vital to help maintain glorious health and guard against such deficiency ailments. And so inexpensive. Costs only a small amount a day. Trial size bottle, \$1.25. Large family or hospital size, \$3.50 (c) 1950, The LeBlanc Corporation. adv.

## Seeks Action on Control of Prices

Washington, Sept. 28 — (AP) — Senator Ives (R-N.Y.) declared today the price situation is getting out of hand and he called on President Truman to set up control machinery speedily.

"I hate to see price control come," Ives said, "but I think it must if there has been no marked improvement in the present picture by the first of the year. And no appreciable improvement appears likely."

Ives told a reporter he figures it will take the government until at least Jan. 1 to organize a price control agency which would operate on a big scale.

A report from the federal reserve board, meanwhile, made it plain that the nation's current standard of living is due for a lowering.

The report pointed to the heart of the growing economic problem with a showing that:

1. Although barely beginning to feel the impact of expanded defense orders, the nation's industrial machine is pouring out goods and materials at a rate not far from that achieved at the height of the Second World war.

2. Even so, it hasn't managed to keep up with soaring business and consumer demand, much less fill that demand with a left-over capacity for defense goods production.

Already, the excess of demand over supply has produced "additional sharp rises in prices," the board said.

Its report implied that satisfying

## ASTHMA

SUFFERERS FIND CURE FOR MISERY DUE TO ASTHMA ATTACKS. RUSHED HERE!

New hope for relief from asthma attacks is seen today in reports of success with a palliative formula which acts to relieve congestion. Men and women who formerly suffered with dream coughing, choking wheezing asthma attacks now tell of blessed relief after using it. PROMETIN costs \$3, but considering results, this is not expensive, amounts to only a few pennies per dose. (Caution—use only as directed.) PROMETIN is sold with strict money-back guarantee by Cox Drug Store — Crescent Drug Store — Mail Orders Filled.

defense needs still to come will mean reducing civilian supplies available, regardless of prices.

One hint of possible future effects of the nation's mobilization on consumers came yesterday when the interior department set up a minerals and energy administration (MEA) with power to parcel out supplies of coal, gas, oil, electric power and raw materials for defense.

With that action came word that curbs may shortly be imposed on the octane ratings of automobile gasoline and even commercial aviation fuel.

The department has said there is

plenty of auto gasoline and that rationing is definitely not in prospect. But officials said there may shortly be restrictions on the amount of alkylate so as to preserve supplies for high grade military aviation fuel.

Alkylate is the ingredient which boosts the octane rating and efficiency of gasoline. Its cutback in auto gasoline might bring some reduction in engine performance.

Counting morning and evening editions separately, there are nearly 100 daily newspapers published in Canada.

## Tire Rubber Economy

### Never Possible Before

Into the national achievement record has gone this phenomenal tire rubber economy—never known or possible before! Not an ounce of wasted rubber yet each tire can give every owner years, instead of miles, of safety and service—his one tire investment for years to come.

With local communities solidly backed by extensive dealer investments in service and maintenance equipment, all of the original safety mileage of these unique tires is continuously renewed and renewable—when other tires are giving up their lives.

They are tires that work and serve at the very heart and core of the national economy in normal times, and in every possible rubber emergency.

They have set up entirely new standards of safety and mileage by which other tires are now being judged and measured, everywhere in the United States.

Whether with black, or with whitewalls, they provide their exclusive Protective Curbguard, their new Royaltex Tread and Traction, and they deliver up to 60% more safe mileage.

They have resulted from many years of continuous research, experience and U.S. Rubber investment. They are the only such tires in the world, priced as low as life and safety permit.

They are the tires that now roll and serve with the nation, with tire rubber economy never known before, remaining fresh and new in safety when other tires are giving up their lives.

## COSTLIER INGREDIENTS MAKE Creamo SUPERIOR

You may not believe claims, but you can believe the ingredient listing printed on all margarine cartons. These must be true and accurate as required by law. Compare these ingredient listings next time you shop—Compare the facts instead of the claims—and you will see immediately that no other margarine is made with the costlier ingredients that give Creamo its unequalled delicate goodness.

## Will Take Time to Make Reds Register

By JAMES MARLOW  
Washington, Sept. 28 — (AP)—Here is a step-by-step explanation of why — under the new anti-Communist law — it may take the government years to make Communists register, if it ever can do so. In the first place, this law is aimed at two groups: Communist "action" organizations and Communist "front" organizations. And the law itself explains what it means by both:

1. A Communist action organization is one which is directed and controlled by Moscow, as part of a world-wide Communist conspiracy, and secretly plans to overthrow this government by force.
2. A Communist front is run by a Communist action organization, although perhaps concealing its real purpose, and may even have members who not only are not Communists but may be innocent of its nature.

But who's going to decide whether some organization is a Communist front? The subversive activities control board, a five-man board to be appointed by the President. This board won't go out looking for Communists. It will decide whether an organization is Com-

munist "action" or "front" or neither only when the attorney general—

Complaints to the board that some outfit is an action group (or front) and asks the board to order it to register as such. If he can prove his point, in the board's opinion, it will order the outfit to register.

So much for the background. Now here's how it probably will work.

The law says all Communist action or front organizations must register within 30 days after this act became law over President Truman's veto, which was Saturday, Sept. 23. But — there's no penalty if they don't.

And Saturday night Communist party leaders said they won't register. (If they did, they'd be admitting they were a Moscow tool, run by the Kremlin, plotting this government's overthrow. Mr. Truman said asking Communists to register and give information about themselves is as practical as asking thieves to register with the sheriff.)

When the 30 days are up and they haven't registered, the attorney general can, for instance, ask the board to declare the American Communist party an action organization and to order it to register.

He'll have to offer proof, which undoubtedly will mean documents and witnesses. If the party leaders didn't appear before the board and to defend themselves, the board could declare the party an action outfit and order them to register.

(Once the board ordered the party to register and it ignored the order, the leaders and the members could be tried, jailed and fined.)

But assume he leaders appear before the board to defend themselves and the party. This trial—or, rather, examination — might take months.

(The trial of the 11 Communist leaders in New York took nine months. But there the government had to prove only conspiracy to teach overthrow of the government of the United States.)

(But under this new law the government may have to prove not only such a conspiracy but prove too that the party is controlled by Moscow.)

But say the board hears all the evidence, decides the Communist party is an action organization, and orders it to register. Does it have to do so immediately?

No. It can appeal to the U.S. Court of Appeals, asking the court to rule that the board's order is illegal and its decision wrong. If the appeals court upholds the board, the Communists still can appeal to the Supreme court. And all this legal sparring might take three years or more.

But if the Supreme court upholds the board and the appeals court, then the party finally is considered an action organization and must register. But —

If the Communists still refuse to register, the government at last can arrest them and put them on trial for refusing to register. That's not the end.

If convicted, they can then appeal to the U.S. Court of Appeals. If turned down there, they still can appeal to the Supreme court. If the Supreme court turns them down, then they must go to jail.

But by this time maybe four years will have elapsed since Saturday, Sept. 23, 1950, when this anti-Communist law went into effect. And — something else might happen:

Suppose the Supreme court upheld the board's order for the Communist party to register. As explained, if they then didn't register, the Communists could be arrested and tried. But —

Suppose just before the Supreme court gave its ruling, the party suddenly dissolved and bobbed up under a new name. Would the government have to start the whole business all over again with the new party?

Or would some U. S. court rule that the new party was really the old party? No one can give the answer to that one yet.

But in 1940 when the Communist party in Canada was outlawed it reappeared under another name and is still doing business.

The first sponsored radio broadcast over WFAA of New York in 1922 cost \$100 for a ten minute sales talk on real estate.

## Two Companies Give Beer to Armed Forces

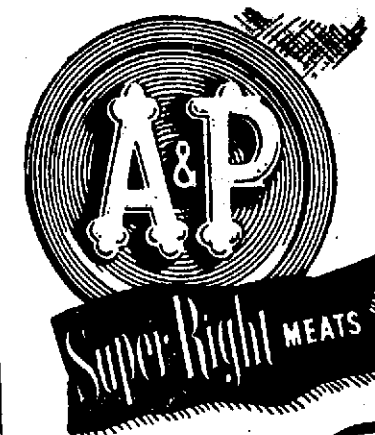

Washington, Sept. 28 — (AP)—The armed forces in Korea are going to get 1,200,000 free cans of beer, a gift from brewing interests.

The army yesterday accepted the offers of 600,000 cans each from the Joseph Schlitz Brewing Co., Milwaukee, and Schaefer Industries, Inc., New York.

The army said the offer was made some time ago after a ration of one can a day to front line troops had been cut off. There were some complaints in

Congress and elsewhere about the amount of beer being rationed, but the army said it had received no formal complaints from organizations.

The painters Van Gogh, Cezanne, El Greco, Blake, Monticelli, Carlo Dolci, Magnoni, Lauricci and Manini all went mad.

## "BEST PORK ROAST I EVER BOUGHT!"

When you see a low, low price on pork roast, ask yourself, "Is it really a bargain?" The answer is "No!" If it's cut from a big, over-fat pork loin from which all the choice center has been removed. There'll be mighty little eating on it and the price PER SERVING will be plenty high, even if the price PER POUND is low!

A&P "Super Right" Standards Never Permit Such Selling Methods. A&P sells only tender, young, medium-weight pork. Loin ends are usually cut into three parts of approximately equal weight. Both ends contain plenty of desirable center meat. The center sells as pork chops or center-cut roast at a slightly higher price. We could divide the loin so all the choice meaty part sells at a higher price, but we don't. You get more good eating from A&P "Super Right" pork roast, more for your money. (If you prefer a larger roast we will sell you the whole loin or either half.)

Douglas Not  
Satisfied  
With Hogs

Dallas, Tex., Sept. 28 — (AP) —  
 Southwest conference football  
 squads starting tapering off today  
 for Saturday's full schedule of  
 games.

There were notes of gloom here  
 and there.

Otis Douglas, whose Arkansas  
 team was upset last week by Okla-  
 homa A. and M., threatened to  
 keep his squad out until dark yes-  
 terday if "You don't do better." He  
 sent them in at 5:30 but didn't ap-  
 pear very happy over the workout.

Southern Methodist Coach N. M.  
 (Rusty) Russell said the Mustangs  
 practice yesterday went "pretty  
 glow." He drilled his regulars on  
 defense against Ohio State plays,  
 as run by the subs.

Texas Christian university Coach  
 L. R. (Dutch) Meyer sent his of-  
 fensive team through a dummy  
 scrimmage, but worked his re-  
 serves hard against Oklahoma A.  
 and M. running plays.

John Morton, converted from  
 fullback to right halfback because  
 of injuries to three players in last  
 week's game with Kansas, again  
 showed to advantage at this posi-  
 tion.

Texas A. and M., 48-18 victor  
 over Nevada last week, skipped  
 through another long session. The  
 Aggies are expected to be in top  
 physical shape for Texas Tech Sat-  
 urday night.

Rice, preparing for its season  
 opener against Santa Clara, got the  
 news that Halfback Teddy Riggs  
 and Tackle Charley Bittner have  
 been alerted for active duty with  
 the marines. They are expected to  
 be available to play against the  
 Broncs.

Baylor got a lift when veteran  
 Halfback Buddy Parker decided  
 he'd play this season. He previous-  
 ly had said he would skip football  
 and sign a professional baseball  
 contract.

Coach George Sauer said "I am  
 confident Parker will add greatly  
 to the Baylor offense."

Joe Louis  
Fails in  
Comeback

New York, Sept. 28 — (AP) — Joe  
 Louis knows today that they never  
 come back.

Ezzard Charles, a vastly under-  
 rated heavyweight champion, bur-  
 ied the ghost of Louis last  
 night at Yankee stadium in 15  
 cruel rounds. It was the same  
 sad story that Jack Dempsey and  
 Jim Jefferies learned years ago.  
 You can't beat father time.

Puffed to 218 and shaky in his  
 timing, Louis absorbed a bloody  
 beating in his unfortunate bid to  
 become the first heavyweight  
 champion ever to recapture his  
 title. He missed by plenty.

The 29-year-old Charles did  
 everything but knock out the  
 bewildered Joe Louis of 1950, a 36-  
 year-old man whose iron fists had  
 rusted away. Joe groped blindly  
 toward the top rope in the 14th to  
 save himself. He probably  
 wouldn't have lasted many more  
 rounds.

"I just didn't have it," he said  
 in his dressing room, swabbing his  
 swollen shut left eye with an ice  
 pack.

"I just didn't have it in any de-  
 partment."

The star, however, said so. It was  
 obvious. Only in the 10th round  
 when he hurt Charles with a flash  
 of the Louis of old did he excite  
 the crowd of 22,387 that paid a  
 gross \$206,370. Some 25,000,000  
 more watched on television.

Charles fought a brilliant fight  
 to earn the unanimous vote of all  
 three officials. Referee Mark  
 Conn gave him a 10-5 edge. Judge  
 Joe Agnello 12-3 and Joe Frank  
 Forbes 13-2. The AP card had it  
 12-2 with one even.

It is too bad that Louis' failure  
 will take much of the overdue  
 credit away from Charles. The  
 lean 184 1/2 pound Cincinnati Ne-  
 gro, previously recognized as Na-  
 tional Boxing association champ.  
 Now is also certified in New  
 York state.

The British recognized Lee  
 Savold of Paterson, N. J., as their  
 champ. He may be next on the  
 list for Charles.

"I'd like to fight Savold or any  
 body," said Charles.
